January, 2018

Dear Pastors and Friends ,

Hope everyone is doing well. Let me, take this time at the beginning of this New Year to wish all a blessed and joyful new year 2018. For this New Year 2018, my wish is found in II John 1:3, "Grace be with you, mercy, and peace, from God the father, and from the Lord Jesus Christ, the Son of the Father, in truth and love."

At the beginning of this New Year, it is necessary to look back at 2017 to see where we have failed and where we have succeeded. It was true that we went through many events, sometimes bad and sometimes good, but at the end we learned something. Let the name of Almighty God be glorified. He led us through the year 2017 to the New Year 2018. Remember brothers and sisters, we are still alive, that means the hope should remain.

For the year 2017, we won some battles with the hand of Almighty God who opened the door for us to come back to the States in April for our furlough after 6 years without seeing our supporting churches and our friends. 2017 was a challenging year for us because we saw a lot of changes.

-We came back with major and small projects and we have seen God provide for all our small projects. Now 2018, we start this new year with a big expectation that God will provide for all our major projects. Luke 1: 37 says "For with God nothing shall be impossible."

-One of the major challenges we faced in 2017 was to find new churches, but God opened the doors for us. So far we have 4 new supporting churches that put us to 8% of the 25% we need.

-God used Beacon Baptist Church of Raleigh to open the door for our children to go to their Christian School. May the Lord bless them. Because of this love, our children are learning to speak English.

One of the blessings of my 2017 journey is to meet wonderful brothers and sisters that still hold their faith in Christ.

OUR PRAYER REQUESTS

- See pictures on the next page of the progress of the construction of the church building at Oulougou II at northern part. We need your help to finish this project in 2018. Our expectation is to see our brothers and sisters in their new building around July 2018.

- **Our hope is to see our major project move quickly in this year 2018.**
